## Objective

Dedicated Frontend Developer Intern with a proven track record in creating responsive web designs and optimizing user interfaces. Proficient in HTML, CSS, and JavaScript, focusing on improving user experience and website efficiency. With a keen eye for detail and a commitment to code quality, I am eager to contribute my skills and passion for frontend development to a dynamic team

## WORK EXPERIENCE

### PRONALYTICS — Junior Frontend Developer Intern (Remote)

April 2023 - April 2024

- Utilized HTML, CSS, and JavaScript to modify layouts, styles, and functionality according to project requirements.
- Built feature templates in HTML and CSS
- Collaborated with design, product, and backend teammates to build, test, and maintain platform features
- Developed UX workflows and wireframes
- Utilized Git for version control, managing codebase changes, and collaborating with other developers. Ensured a reliable and trackable history of updates and revisions.
- Tools like Google Analytics and other diagnostic tools are used to monitor website performance continuously. Identified and resolved Frontend issues or bugs promptly to maintain a seamless user experience.

### Intaelet Solutions—Web Developer Intern (Remote)

September 2023 - February 2024

- Tailored existing website templates to meet company specifications, ensuring brand consistency and optimal user experience.
- Regularly maintained and updated the company's websites with the latest information, features, and improvements to enhance functionality and user engagement.
- Worked closely with design, marketing, and content teams to implement new features and ensure seamless website functionality.
- Modified website to be fully responsive, ensuring compatibility across various devices and screen sizes.
